4th of July Morning

June and Gordon have both gone up to the Lake (Bear Lake) for the day. June will stay in Paris with Grandma and Iris will come home. I still don't know what to do today. One thing is sure and that is that I'll have to hurry and get this letter to the Post Office or it will not get off today.

I surely hope you have a more exciting time than it looks as though I'm destined to have.

You asked in your letter about the loose leaf Book. If you want to you can start on it as soon as I get some binding. But I would really rather work and help you with it next fall. I don't know when Mamma will be home. I haven't heard from

May of them for days.

Well, come on 'slow poke'
and close this letter.

Wish you were here on that
I was in S.C.

Morning July 5th

'Dorty'

Well, I did it. Yesterday morning I went over to the P.O. just 5 minutes too late. Instead of posting the letter then, I thought it would be a good idea to bring it back home and then write a little more.

Say! but it was cold last night. The potatoes are frozen black. The strawberries & Raspberries were also set back by about a month. ~~now~~ a tub of water was standing in a neighbors lot and the water froze on it $\frac{1}{2}$ inch thick. Some weather for July.

Lewis & Kanood just came in to see me a few minutes ago to see if I could go to Wyo. with them. I decided that I could not, but I surely would like to have done it. They are leaving as soon as possible this morning.

I reopened the letter I had fixed for you and I don't know

whether I have any glue to re-seal
it. So if there is a bad job
done on it you will know
that I was to blame and
not inquisitive people in
New P.O.

It was a very safe and
safe of it here. There were no
firecrackers allowed. Most of
the townspeople went into the
Canyons or to other towns.
It seems that they celebrate the
4th very differently than the
way they used to.

I'll close for this morning
and be sure to get the letters
off. I'm thinking of you.

Ellsworth.
