Dear Oliver -

With the rush of Richards' wedding plans & family reunions how past are you still as busy as ever with research & other projects?

With big families & their involvement there seems little time to catch up on one's projected goals.

During winter months I would like to get more done on illustrated records for family members.

Would be interested to know if you have negs. of old family homes and different group pictures like early reunions with brothers & later.

Could I help you with any computer relations for your B. of Rem. or do you have a binder for one(?) on hand?

Naomi offers our families her 30% discount from Bookcraft & I've made some good use of it. Tell me if I can ever stop there for you. They have record supplies as well as books.

Have had newzy letters from law. friends, Hilda, ^{saw} Arisa, ^{from Green days of wedding.} Have occasional phone visits with Zola & with Melba Jarman who ret'd last June from Phoenix mission. Her ~~eldest~~ 2 sons are located there.

Hope Rick was no worse for exposure on the 29th Dec. and that all your family will be blessed with a healthful & rewarding New Year.

Love, Dorothy
