IDAHO'S STATE FLOWER

"Syringa"

54c

Dear June-
Want to send us names of friends
we could notify about an open house
we plan for you (18th?)

If you have some items together
for Bill M's record book & want to
bring down with you, I could do some
thing on it. But if not now, later when you're
close to advice, tho' you may want to do
yourself at leisure.

Ellen will get surgical help on a torn
shoulder muscle next week. None too
soon for to be ready for spring garden
work.
