E. T. Clark, Esq.,

Farmington, Utah.

Dear Father;

Last night I wrote you a few lines and will now write more with the view of letting you understand what I would like to do. You must do what is for the best good.

I want to visit the Exposition and get as far East as Boston too. There is no use of taking time to explain all; but, I want to see and get the benefit of traveling some to points of interest.

I thought I could buy an excursion ticket to Chicago and go by way of Cincinnati and return <sup>to</sup> by way of New York and then go by steamer from N. York to Boston and then have a ticket sent me from Spence to go from Boston to Salt Lake.

That might cost more than to have Bro. Spence buy the tickets so that I can go from here to Chicago and then to Boston and to Salt Lake.

If it costs too much more to go farther east than New York I am willing to content myself with that much of a visit and that visit can be done by my visiting east before going to Chicago something like Milford did. Have my ticket so that I can go over the L. & N. E. R. R.

Do not have the time limited to too short a time.

Send my mail to Gordonsville, Orange Co., Virginia.

Do not spend more money for Rail Road tickets than you feel like; for I did not make the money I am getting the benefit of and I want to do for the best. If I go as far east as Boston I go for good.

I feel like asking our Heavenly Father to be with me in leaving my field where we have Heavens guidance from the evils of the world to a greatest degree. I hope to be guided in my travel till I reach home. Hope you are feeling better than you were when Amasa wrote.

Tell mother I was pleased

to receive her photograph and pamph-  
let.

Bro. Richards had hope of seeing  
me again here; but I doubt  
that we shall meet him or  
Bro. Smith. They are well,  
I believe. Excuse haste in writing.  
Affectionately

C. R. Clark,

Gordonville  
Orange Co., Va.
