Dear Dot:

Did you ever see a dream walking? Well, I did.  etc. I saw that a member of mine while a good member of the Capital Hill Ward. Remember the times when we went walking after church. Also, how I could walk home with you from Sunday School & make a date for the evening. I can't do that now but I can see you walking in dreams. I see you often as I stretch you the times we got up early and went up some canyon. Remember the morning we went up towards Garley Canyon, and I kissed you right out on the prairie (I mean your mouth). Excuse me I don't know my anatomy. What I meant to say was: we were standing out on the prairie in plain view of everybody for miles around, and I kissed you. You see it was so early the people around were not up yet. Anyway, I don't get sunburned on only one side of the face anymore.

Well, News from Denver: An Elder Tierlink, Nephew A. Tierlink, from the Whittier Ward is going to labor in Colorado Springs. However, I do not know as that who will stay here, Elder Howell or Nephew. The Missionary group. Western States Southern, East Central, Central etc will all be passing through here tomorrow evening. We missionaries are going down and have a good vessel the fine minutes they stop here. We are to pull Elder Tierlink off and keep him here until Conference, Sunday. I was in hopes Elder Burbidge would be selected, but not so. Then are four new ones for the Western States. We have paid up some official looking telegrams to give to Elders Tierlink & Burbidge with a Wanted sign \$500 reward for heart breaking.

Boy, are we going to have some fun.

A Big Basket ball Game tonight between the Pueblo "M" Men and the Colo. Springs "M" Men. We beat them 45 to 44 the last game. They really have more on the squad and are more experienced, but ours have youth on their side. Most of them are from 17-18. Boy, but they are pretty good at that.

The Elders from Pueblo are coming up tonight for the game and will stay with us, help us through Friday and then be with us for Conference Sunday. They are both fine fellows. Elder Harris is the D.P. and Elder Stuart, his companion, come out the same time I did.

Elder Howell got back from Denver last night - with no information. Boy, I'm glad President Doyne kept it to himself. It has been acting like a white man since, and I can't hold a grudge for very long anyway. I guess in two tender hearted (Baa! Baa!) If I hadn't been that way, I suppose I still be sore at you for one or two episodes, such as the Memorial from me, or the New Year & Mrs. Gravel with Hansen in the office. So, I guess it goes to forget once in a while. You've surely had to forget a lot of things I've said & done. Eh? What?

Sometime in the near future I'll try and answer the letter Vera sent me. It's quite a while to wait, however. If I wait as long as she did in answering mine. Tell her not to get her shirt off, that the "Big Shab" from Montana will appreciate her a lot more if he has to wait awhile. Not to 1019 however.

Received a letter from Mrs. Yergensen of the Yergensen Stocking Agency yesterday telling me she would give me every consideration

And that If I'd fill out a new registration blank she would register me free of charge, inasmuch as I was a Missionary.

I am inclosing a letter I sent to Georgetown today. It will be self explanatory. I hope to get that information soon. I am following busy clew on a teaching job. If you hear of any, let me know.

Boy!! (later)
des we just now have a crowd in 4 Sub. lcs. Elders Stuart & Norris & 5 Pueblo Basket ball players just dropped in and threw out to Wm. I am now waiting for our Basket ball Coach a Mr. Block as I stop in the middle of a word you'll know the reason why.

They all admired your picture & asked if it was my sister. I said no my sister, & now they all want to meet my sister. Sorry for telling a lie just a wee while on though.

10:55 P.M.

Well, now to report the happenings of the 23rd last 24 hours. The new Elders have passed through and we left no cards & other remembrances. Elder Tuerlink is now with us and certainly is our hussable young kid. He is about 20 years old & thin & afraid very much. He is about 5' 8" tall & weights about 120 lbs.

We were beat by Pueblo B.B. team 45-51. Boy, what a drubbing. Were we squelched? OH Boy!

Spent most of the day visiting Saints and investigators, trying to get them out for conference Sunday.

Gosh, these kids are noisy. I can't write with all their hooey. So I'll quit for awhile. Good bye Sweet.
